TigerScorecard's Eco Card

GREEN - THE COLOR OF GOLF

What does the word **GREEN** mean to the rest of the world?

Recyclable? Biodegradable? Global warming? FSC? PCW?

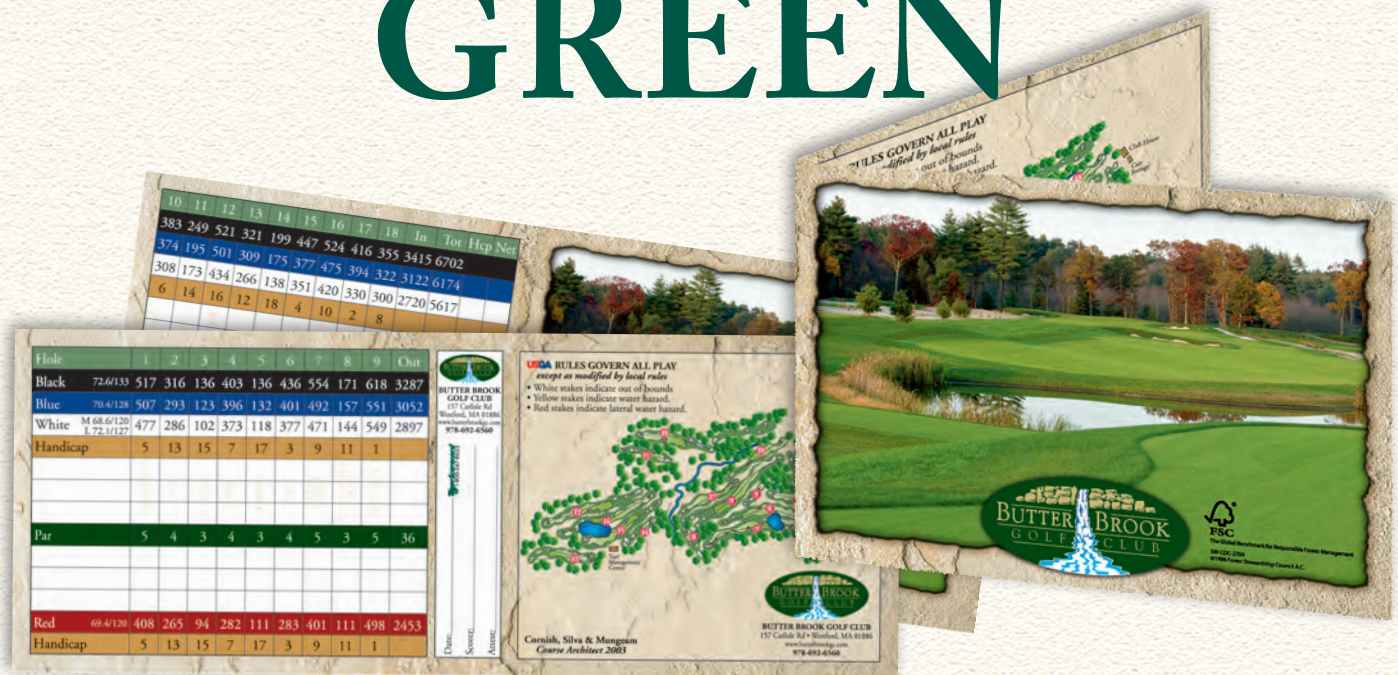

If you are greening your course and your organization, then we've got the Scorecard to help you complete the process.

We have expanded our line to include Scorecards that are printed with **SOY-BASED INKS** on papers of your choice that are **100% POST CONSUMER WASTE FIBER** or a sheet that is **50% BAMBOO AND 50% POST CONSUMER WASTE FIBER**.

GREEN

ECO CARD

4 x 12

This is our most popular and economical size scorecard. It can be designed with an uneven fold to allow players names to be seen when keeping score on the back nine or we can set it up to fold in the middle with the front and back nine scoring grids side by side.

4.5 x 12

This size scorecard has the same characteristics as the 4 x 12. However, the additional height allows for more scoring lines, a larger scoring grid for courses with numerous tee boxes, pin placement diagrams, or notes.

SCORECARDS

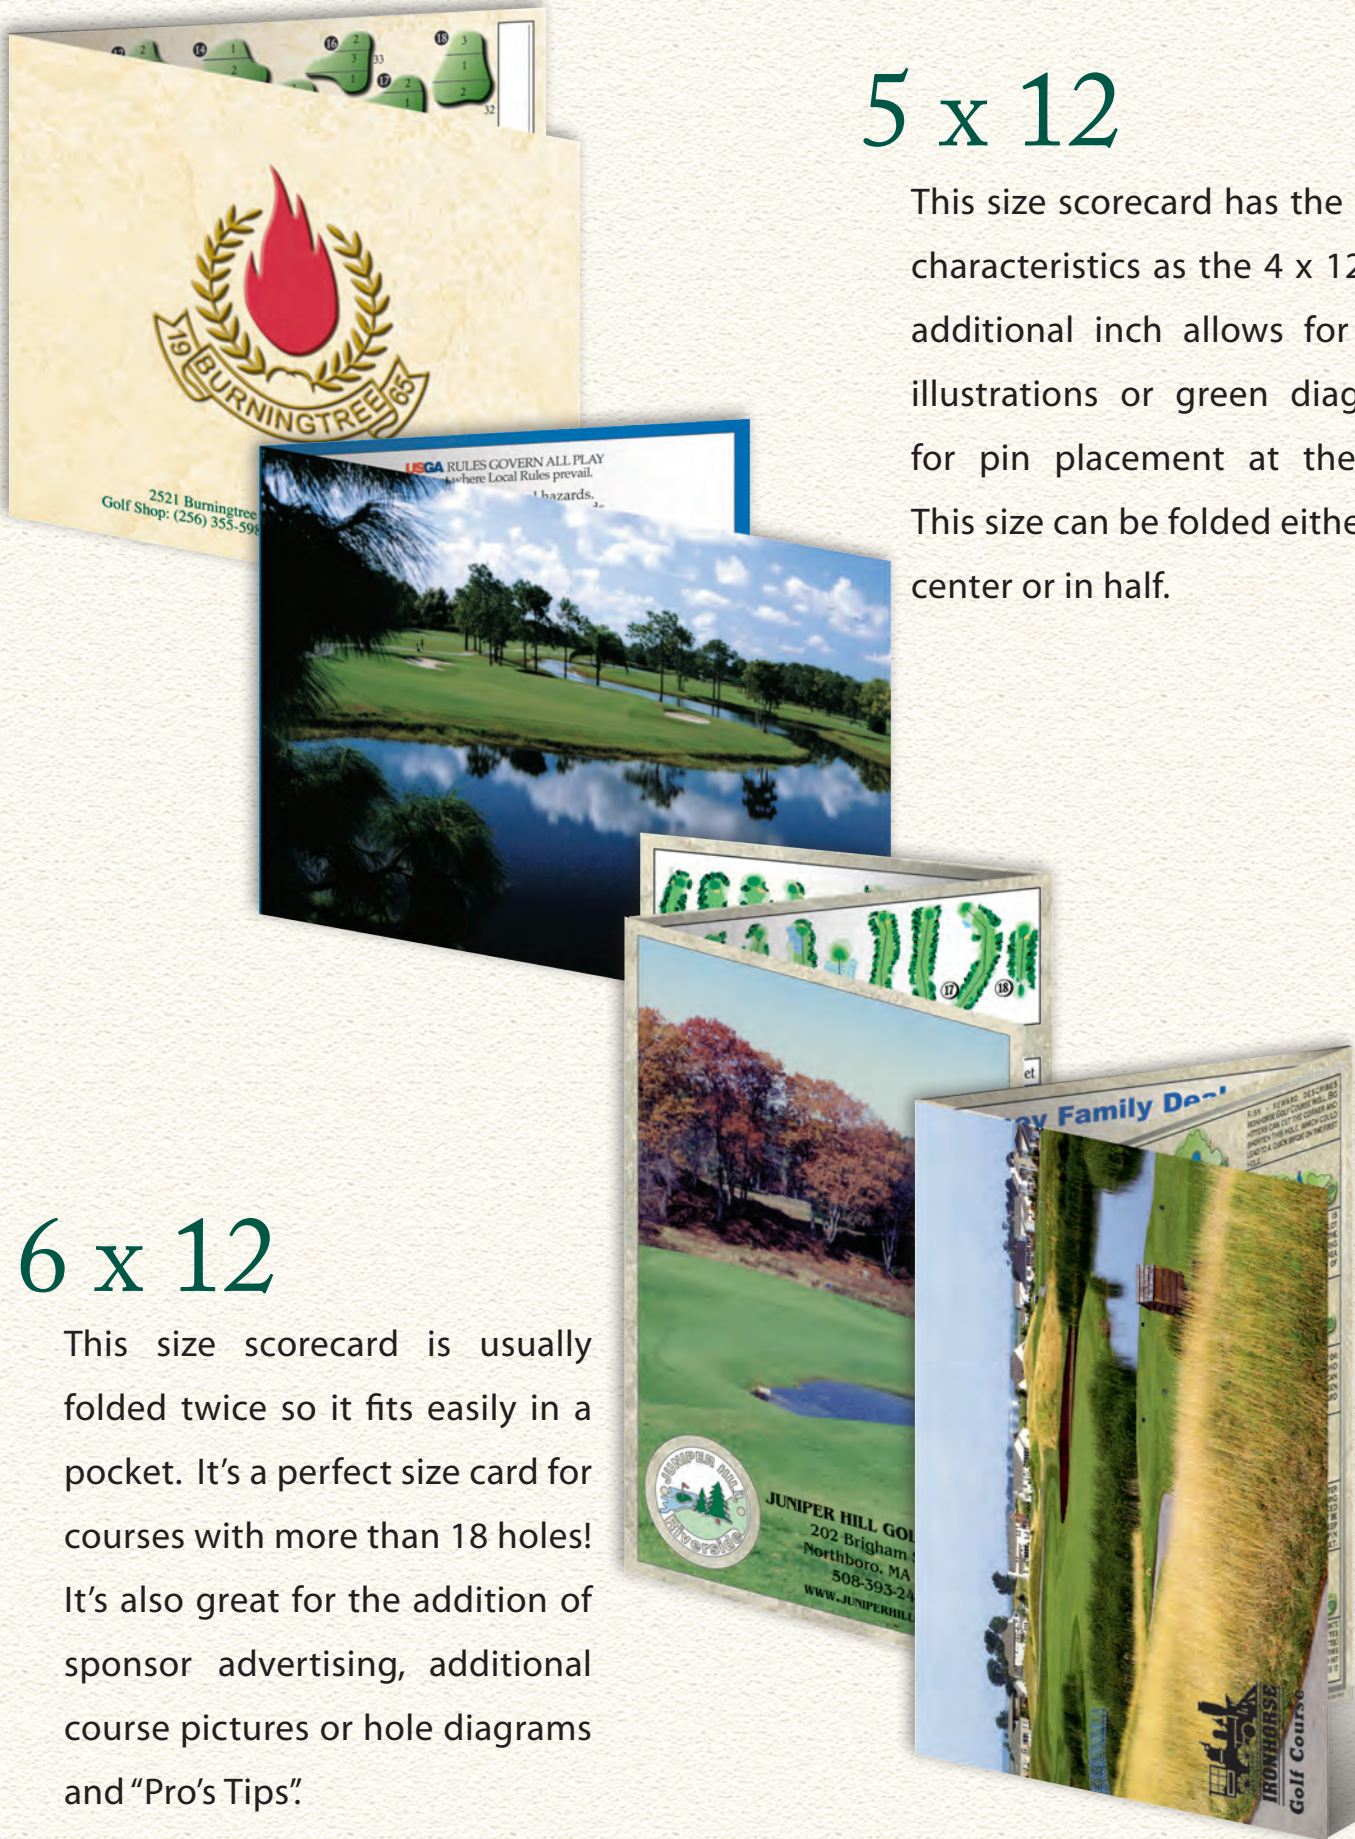

5 x 12

This size scorecard has the same characteristics as the 4 x 12. The additional inch allows for hole illustrations or green diagrams for pin placement at the top. This size can be folded either off-center or in half.

6 x 12

This size scorecard is usually folded twice so it fits easily in a pocket. It's a perfect size card for courses with more than 18 holes! It's also great for the addition of sponsor advertising, additional course pictures or hole diagrams and "Pro's Tips".

SCORECARDS

Free Scorecards

Why pay for your scorecards, when there are many businesses willing to sponsor the scorecards for your club?

At TigerScorecard, we also offer a sponsorship program in which we take care of all the necessary preparations and production.

A representative of TigerScorecard will contact local businesses in your area to offer them the chance to place information about their business on your scorecard.

Once the sponsors have been secured, TigerScorecard will design, print and deliver the scorecards to your club at **NO COST TO YOU!**

You get free scorecards! Local businesses get exposure!

TigerScorecard gets to print your scorecard!

Everyone wins!...It's that easy!

FREE SCORECARDS

Our yardage books feature full-color, detailed, player-friendly graphics. Each hole is illustrated and detailed with pertinent yardage distances, hazard locations or landmarks specific to that hole.

ORDER QUANTITIES STARTING AT 1,000 BOOKS

Yardage books are an easy sale in your pro shop or a profitable addition to tournament and outing packages! Double your investment.

CHOOSE FROM 3 STYLES

- Booklet • Top Fold • Spiral bound

YARDAGE BOOKS

Yardage Cards

Yardage cards are an alternative to a yardage book.

A yardage card is similar to a scorecard, however, the focus is on hole illustrations rather than a scoring grid.

Each hole is illustrated and detailed with pertinent yardage distances, hazard locations, landmarks and/or notes specific to that hole.

Rack Cards

Rack cards are an inexpensive, yet effective marketing vehicle.

A perfect way to promote:

- Course Facilities
- Membership Rates
- Outings
- Tournaments
- Golf Lessons
- Driving Range
- Banquet Facilities
- Wedding Packages

or any other aspect of your business!

The standard 4"x 9" size makes them the perfect size to fit on a counter top, in a promotional brochure package, a mailing envelope or in a rack at a visitor center!

YARDAGE CARDS/RACK CARDS

Whatever your printing needs are, TigerScorecard can create the printed materials necessary to make your presentation package perfect!

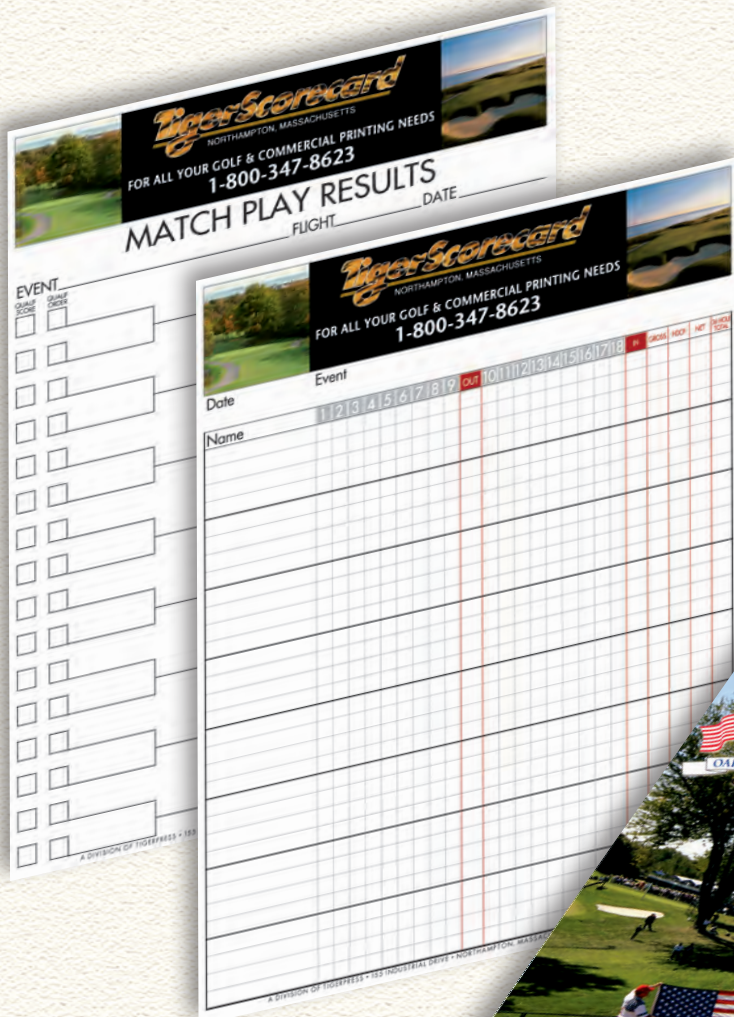

- Pocket Folders
- Pamphlets
- Brochures

- Letterhead
- Envelopes
- Business Cards

MARKETING MATERIALS

- Tournament Pads
- Business Forms
- Gift Certificates
- Calendars

Any idea...
 any size...
 any shape...
 any colors...
 any quantity....

TigerScorecard will do it all!

Whether you have a specific design in mind or you would like assistance from our graphic design department, TigerScorecard will design, print and deliver your project with expertise.
